What Team Is My Child On?

Please be aware that players are still being added to teams and the team formation process is still in place until all teams are at capacity. This is a lengthy process with over 1600 players.

Parents should hear from their child's coach by mid-February and no later than February 20th. Please be patient as some coaches will be trying to line up a practice field along with many other important team items before contacting parents. Between February 15th and February 20th, parents can [Click Here](#) to see which team their child has been placed.

- 1. Coaches Kids:** If you are the *head coach* or *designated assistant coach* of a team - your child which has registered on time will have guaranteed placement on your team. The 2 designated players are the only guaranteed players on the team.
- 2. Team Requests:** Requests for a team or a certain player are not guaranteed. BASC will not refund registration due to a request issue. Please see the [BASC Special Requests Policy](#) for more information.
- 3. Practice Requests:** Requests to be placed on a team based on a practice day, time or location cannot be granted. BASC does not place players on a team based on where or when a team practices and will not refund registration due to a practice field request issue.
- 4. Late Sign-Ups:** If you signed up after the deadline of January 13, we will make every effort to place your child on a team. If we cannot place your child on a team due to all teams being at full capacity, you will receive a notification email around February 21st and a full refund.

If you have not heard from a coach by February 20th, you can [check this link](#) for your team information.

You can also email the BASC Registrar, David Redick: registrar@basck.com. The BASC registrar is the exact person you need to discuss registration questions or team placement concerns!
